Biel-Benken in May 2019

Dear interested people

Thank you very much for your interest in our association lifecircle and for giving confidence to our organization. I am sorry to inform you about the fact that we have taken the decision to immediately stop taking on new members. This has been necessary because we have given all dates for assisted dying and have no free dates until mid-September. And we also must have some dates in reserve and for urgencies for our people who have been members for some time now. In addition I had to realize that the court case against me, which will take place in July, is giving me greater health problems than I was afraid it would.

So I am asking you for consideration and understanding, that **we cannot take on new members for the next few months**. This is because we would like to keep up the same quality of care as we are used to, for our previous members. It would be unfair towards all people who are trusting in our help, if we would not take this consequence, and take on further members knowing that we have no dates for assisted voluntary death for them. Please in the meantime refer to Exit (Swiss only), Dignitas or Ex International.

I do hope, that after the court case has taken place, and after some time of recovery for me, we will be able to go on working with the same intensity as before.

Now I wish you all an acceptable life quality and as many wonderful moments as possible,

kind regards

Dr. med. Erika Preisig
general practitioner and
president of the Fondation
